

**Dr. CD, 52, Boston and Barnstable, MA - 15 year client**

I have worked with my Satin Wellness Specialists since 1996 and they have assisted me in overcoming a debilitating case of Spinal Stenosis so that I can continue my practice.

I see them three times per week and it is amazing how good I feel after our sessions. Waking at 5:30 to see the Specialist at my home is not the easiest thing in the world, but without it I would not have been able to continue practicing.

I enjoy the program so much that I have the Specialists come to my office and work with our entire staff! They feel so good when they are done that they work so much more productively.
